

THE TIMETABLE

of lectures of special course «Biogeochemical cycles of permafrost ecosystems in a changing climate» at the North Eastern Federal University, Yakutsk RUSSIA

February, 21-28, 2014

No	Day	Time	Bld.	Aud.	Theme	The lecturer
1	21 Feb Fri	16:00	KFEN	730	The importance of permafrost studies in a changing climate. Introduction.	Maximov TC, Russia
2	24 Feb Mon	16:00	KFEN	228	Earth and climate system, material cycling, and IPCC report.	Sugimoto A, Japan
3	25 Feb Tue	16:00	KFEN	228	Biogeoscience of permafrost ecosystem.	Sugimoto A, Japan
4	26 Feb Wed	16:00	KFEN	228	Permafrost responses on modern climate change and anthropogenic disturbances in Eastern Siberia.	Fedorov AN, Russia
5	27 Feb Thu	16:00	KFEN	228	Modern climate in permafrost zone.	Kononov AV, Russia
6	28 Feb Fri	16:00	KFEN	228	Plant nutritions. Testing & conclusion.	Popova AS, Russia
