

THE TIMETABLE

of lectures of special course «Biogeochemical cycles of permafrost ecosystems in a changing climate» at the North Eastern Federal University, Yakutsk RUSSIA

March, 2-10, 2015

№	Day	Time	Bld.	Aud.	Theme	The lecturer
1	2 Mar Mon	16:30	KFEN	228	The importance of biogeoscience in a changing climate. Introduction.	Maximov TC, Russia
2	3 Mar Tue	16:30	KFEN	228	Climate & Permafrost Discussion round table (after the lecture)	Anisimov OA
3	4 Mar Wed	16:30	KFEN	228	Permafrost responses to modern climate change and anthropogenic disturbances in Eastern Siberia	Fedorov AN, Russia
4	5 Mar Thus	16:30	KFEN	228	Earth and climate system, material cycling, and IPCC report	Sugimoto A, Japan
5	6 Mar Fri	16:30	KFEN	228	Biogeoscience of permafrost ecosystem	Sugimoto A, Japan
5	9 Mar Mon	16:30	KFEN	228	Climate & Sociology & Policy	Zhegusov YI,
6	10 Mar Tue	16:30	KFEN	228	Carbon balance in permafrost zone. Testing & conclusion.	Kononov AV, Russia
