ICPPA 2022

**from the 29th of November to the 2nd of December,
2022**

**VI International Conference on Particle Physics and
Astrophysics**

Moscow, Russia

General information

This is the first announcement of the 6th International Conference on Particle Physics and Astrophysics (ICPPA-2022) to be held in Moscow, Russia, (from the 29th of November to the 2nd of December). The conference is organized by National Research Nuclear University "MEPhI".

ICPPA2022 is dedicated to the 80th anniversary of the National Research Nuclear University "MEPhI".

The aim of the Conference is to share scientific knowledge, to promote contacts between scientists and to develop new ideas in fundamental research. We will bring together experts and young scientists working in experimental and theoretical areas of nuclear physics, particle physics (including astroparticle physics), and

cosmology. Most recent results from the modern experiments in these areas and advanced detector technology development will be presented and discussed.

The working language of the conference is English.

Scientific Program

The conference will cover the following topics:

- ***Nuclear physics***
- ***Heavy ion physics***
- ***High energy physics: experiment***
- ***High energy physics: theory***
- ***Neutrino physics***
- ***Astroparticle physics***
- ***Gravitation and cosmology***
- ***Facilities and advanced detector technologies***

Conference format

The ICPPA-2022 conference has the following format: plenary talks (25+5/30+10 min), long and short section talks (10+5/15+5/20+5 min) and poster session.
